The Mission of the Kosciuszko Foundation

Founded in 1925, the Kosciuszko Foundation is dedicated to promoting and strengthening understanding and friendship between the peoples of Poland and the United States through educational, scientific and cultural exchanges and other related programs and activities. It awards fellowships and grants to graduate student scholars, scientists, professionals and artists and helps to increase the visibility and prestige of Polish culture in America's pluralistic society by sponsoring exhibits, publications, film festivals, performing arts such as concerts and recitals, and assists other institutions with similar goals.

EXCHANGE FELLOWSHIPS AND GRANTS FOR POLISH CITIZENS

KOSCIUSZKO FOUNDATION FELLOWSHIPS AND GRANTS are awarded annually to Polish citizens for advanced study/research and teaching at universities, institutions of higher learning and scientific/medical centers in the United States.

Under the program, The Foundation awards Fellowships to postgraduate scholars, professionals or artists with degrees. Grants are awarded to those without doctoral degrees. **Fellowships** and **Grants** are awarded for 3, 6, or 10 month periods, depending on the nature and scope of the research project, the recommendations of the American institution of higher learning, and the U.S. and Polish Academic Advisory Committees.

During fiscal year 2008, 29 Polish scholars and scientists successfully completed their scholarly and scientific projects, receiving nearly **\$500,000** in support from the Foundation. The Fellows and Grantees had been carefully chosen for the program in a highly selective process of screening, including personal interviews in Warsaw. Among them were

six Teaching Fellowships as part of continuous support for Polish Studies programs at various American universities since 1992.

During the 2007/08 academic year the Foundation sponsored Teaching Fellowships at: University of Connecticut at Storrs; University at Buffalo, The State University of New York; University of Indiana at Bloomington; Rice University, Houston, Texas, University of Massachusetts at Amherst and Hunter College, City University of New York.

In addition to funding, the Foundation provides support to the Fellows and Grantees prior to their arrival and during their stay in the United States. Every effort is made to help the participants and their families with travel, housing, medical insurance, visa and U.S. homeland security procedures. Foundation staff contact Fellows and Grantees frequently throughout their stay in the United States. Whenever feasible, Foundation staff conduct exit interviews and each participant submits a final written activities report.

The Domestic Scholarship Programs

Scholarships to Americans and Polish Americans, known informally as the "domestic" programs, form an integral part of the Kosciuszko Foundation's Educational programs. Four separate programs comprise the Domestic Scholarship Program:

- The Domestic Tuition Scholarship Program for Graduate Studies
- The Graduate and Post-graduate Study and Research Program for Americans in Poland
- The Year Abroad Program in Poland, and
- The Summer Study Abroad Program

The Foundation awarded scholarships to 87 Americans at American Universities, comprised of Polish Americans and Americans who are studying primarily Polish studies, for total scholarship proceeds of \$264,200.

Domestic Tuition Scholarships

The Kosciuszko Foundation awards Domestic Tuition Scholarships to Polish Americans, Americans studying Polish subjects, and Poles who are permanent residents of the United States to pursue graduate studies in the United States.

The Tuition Scholarships are granted on a competitive basis to full time students at accredited American universities who have an excellent academic record and who are able to demonstrate a strong sense of identification with the Polish American community and with Polish culture in general.

Though the majority of scholarships are designated for graduate study, a limited number are available for undergraduate study. In order to achieve a fair and reasonable diversity amongst grantees, in determining awards, consideration is given to a number of factors, including the age, scholarly affiliation, geographic region and gender of the applicants.

For the 2007-2008 academic year, 87 undergraduate and graduate students received \$264,200 in Tuition Scholarships.

Of this total, 13 students received \$20,200 in scholarships from the Massachusetts Federation of Polish Women's Clubs, the Polish American Club of North Jersey, and the Polish National Alliance of Brooklyn, USA, Inc., whose scholarships are administered by the Foundation and are offered to undergraduate students who are affiliated with these organizations.

Independent Auditors' Report

The Board of Trustees
The Kosciuszko Foundation, Inc.:

We have audited the accompanying balance sheets of The Kosciuszko Foundation, Inc. (the Foundation) as of June 30, 2008 and 2007, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Kosciuszko Foundation, Inc. as of June 30, 2008 and 2007, and the changes in its net assets and its cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

THE KOSCIUSZKO FOUNDATION, INC.

Notes to Financial Statements

June 30, 2008 and 2007

(1) Organization

The Kosciuszko Foundation, Inc. (the Foundation) was incorporated on December 23, 1925 as a charitable corporation under the provisions of the not-for-profit corporation law of the State of New York. The Foundation has been established for educational, scholarship, and cultural purposes. Its objectives are to:

- a. Foster among the American people knowledge and appreciation of Polish culture, history, and traditions;
- b. Strengthen understanding, goodwill, and friendship between the people of the United States of America and the people of Poland by promoting closer educational and cultural relations;
- c. Enhance knowledge of the Polish contribution to world civilization in general and to America in particular;
- d. Encourage and promote the study of Polish culture, history, language, and traditions of the United States of America; and
- e. Foster among Americans of Polish ancestry a deeper understanding and appreciation of their cultural heritage, thereby enriching the pluralistic culture and traditions of the United States of America.

The Foundation conducts and/or sponsors programs, projects, and activities designed to support its purposes and objectives.

Chapters

There are eight Chapters of the Foundation: Philadelphia, Pittsburgh, Western New York (Buffalo), Chicago, Rocky Mountain (Denver), New England (Springfield), Texas (Houston), and Northeast Ohio (Cleveland).

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Foundation have been prepared on the accrual basis and in accordance with U.S. generally accepted accounting principles applicable to not-for-profit organizations.

The Foundation's net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Foundation and changes therein are classified and reported as follows:

Unrestricted net assets – Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets – Net assets subject to donor-imposed stipulations that will be met either by actions of the Foundation, fulfillments of donors' stipulations, or the passage of time.

THE KOSCIUSZKO FOUNDATION, INC.

Notes to Financial Statements

June 30, 2008 and 2007

Permanently restricted net assets – Net assets subject to donor-imposed stipulations that they be maintained permanently. Generally, the donors of these assets permit the use of all or part of the income earned on related investments for general or specific purposes.

Revenues are reported as increases in unrestricted net assets unless their use is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purposes have been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions.

(b) *Use of Estimates*

The preparation of financial statements, in conformity with U.S. generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(c) *Scholarships and Grants*

Scholarships and grants are reported as a liability and expense when the recipients have satisfied all conditions of acceptance.

(d) *Investments*

Investments in equity securities with readily determinable fair value and all investments in debt securities are reported at fair value based on quoted market values with gains and losses reported in the statements of activities. The weighted-average-cost method is primarily used in computing realized gains and losses on the sale of investments.

(e) *Cash and Cash Equivalents*

Cash and cash equivalents include highly liquid debt instruments with a maturity of three months or less at the time of purchase, except for those amounts held as part of a long-term investment strategy.

(f) *Inventory*

Inventory, which consists primarily of dictionaries and text books, and is included in prepaid expenses and other assets in the accompanying balance sheets, is stated at the lower of cost or net realizable value with cost determined on a first-in, first-out basis.

THE KOSCIUSZKO FOUNDATION, INC.

Notes to Financial Statements

June 30, 2008 and 2007

(g) Property, Plant, and Equipment

Property, plant, and equipment are stated at cost less accumulated depreciation, except for donated items, which are recorded at the fair value on the date of donation. Maintenance and repairs are charged to operations as incurred. Depreciation is provided over the estimated useful lives of the assets using the straight-line method. The number of years used in determining depreciation is as follows:

	<u>Years</u>
Furniture, fixtures, and equipment	3 – 7
Building and improvements	20 – 40

(h) Income Taxes

The Foundation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

(i) Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

(j) Art Collection

The Foundation has an extensive collection of artwork and other artifacts, which are the results of numerous donations over the years. Donated artwork or other artifacts are capitalized at their appraised or fair value on the accession date. If collection items are sold, the proceeds from the sale are used to acquire other collection items. Gains or losses on the deaccession of collection items are classified on the statements of activities as unrestricted or temporarily restricted support depending on donor restrictions, if any, at the time of accession.

In November 2004, the art collection was appraised and the fair value approximated \$2.8 million.

(k) Pooled Income Fund

The Foundation manages a pooled income fund that assigns units to each donor's contribution. Such donor receives the income earned on the assigned units until the donor's death, at which time the value of the units is payable to the Foundation for its unrestricted use.

(l) Deposits Held in Custody for Others

The Foundation is custodian of \$72,000 and \$144,000 received from a resource provider during the years ended June 30, 2008 and 2007, respectively, which is remitted to a university in Poland (i.e., specified beneficiary) for specific educational programs. Such amount is included in deposits held in custody for others in the accompanying balance sheets at June 30, 2008 and 2007.
